Associates Degree

Projects

(12/2022 - 08/2023) **CareerFoundry**

- Complete an intensive project based program in nine months, while covering a wide range of topics with a focus on UI Design
- Finished lists of tasks relating to the UI/UX Design processes, Brand & Style Guide Design, Responsive Web Design, Mobile App Design, and Front-End Web Development.
- Applied these new skills to fully designed portfolio projects. Including a responsive recipe web app, a native mobile app for a hiking journal, and a UI Design and Branding project for a mobile finance app.

Work Experience

(04/2018 - 05/2023) **Production Artist / Healy Awards / Menomonee Falls, WI**

- Independently managed and operated the sign department
- Handled, troubleshoot, and finalized designs for print on short deadlines, while still allowing the company to expand their product line production through the department.
- Completed orders ahead of schedule, with a high level of quality, resulting in an output of production that saw the department's revenue increase.

(08/2011 - 04/2018) **Production Artist / Foerster Signs / Slinger, WI**

- Handled a wide variety of tasks at a sign shop with only five employees
- Designed layouts for signs and vehicle wraps, created logos, finalized files for production, troubleshoot design and technical issues, redesigned the company website, and jumped into production to complete projects.
- An array of different tasks and projects were completed effectively on a limited amount of company resources.
